

Hope Arise Project Inc.

I am reaching out to you as the founder of Hope Arises Project Inc., Huntsville's Indigenous-led charitable organization. Your collaboration and ongoing support of Hope Arises empowers us with the tools to build community engagement, form meaningful relationships of trust, and foster impactful educational expressions of reconciliation and a cultural evolution of change.

We are thrilled to announce **Hope Arises' Inaugural Indigenous Fundraising Gala Event on October 24, 2025**, at The Algonquin Theatre in Huntsville, Ontario. Our culturally immersive experience will engage your senses, ignite your spirit, and speak to your heart. The evening features a ribbon skirt fashion show, music by Winnipeg-based Indigenous singer/songwriter Ila Barker, guest speaker Faith Howe, an international award-winning Indigenous film producer, a screening of the Hot Docs Citizen Minutes film **"Red Girl Rising"**, filmed in Huntsville, a live auction, and First Nations drumming.

With plans underway since December 2024, Hope Arises is seeking your financial sponsorship. Hope Arises believes that education is the key to reconciliation and change. Change occurs when individuals are empowered and encouraged to believe in community, supporting one another with strength, equality, and unity. We aim to educate, empower, and provide vision in a spirit of love and healing for all.

Your financial sponsorship will demonstrate visible leadership in our community, and your action will show a commitment to reconciliation. Our charitable organization will continue to provide expressions of truth and reconciliation to the Muskoka community. Join us as changemakers for future generations. Together, let's educate, empower, and envision what community looks like for the next seven generations. Included is our sponsorship information for your consideration.

I look forward to hearing from you.

Nia;wen,

Joyce Jonathan Crone
